

Asking & Testing

Due: Monday, May 2, Noon

Attention: On the due date remember to hand in both an electronic copy to cs125a@cs.brandeis.edu and to turn in a paper copy.

Student name: Cs125a

Student email: cs125a@cs.brandeis.edu

Part A

1.	
Show us the interview script that you created. See page 395 of the text for an example. Also attach both interviews.	Also attach to the back of this template.
Summarize what you learned from the interviews.	
List the heuristics you used to evaluate your prototype and explain why you chose them.	
Summarize what you learned from the heuristics evaluation.	
Show your prototype before and after this cycle of redesign.	Also attach to the back of this template.

2.	
Show us your questionnaire. See page 399 for an example.	Also attach to the back of this template.

Part B

1.	
Show us your consent forms.	Also attach to the back of this template.

Hand in copies of the signed consent forms and questionnaires.	Also attach to the back of this template.
Summarize what you learned from the questionnaires.	
What tasks did you ask your users to do?	
Summarize what you learned from your subjects doing these tasks.	
What are the advantages and disadvantages of each of the evaluation techniques you have used? Discuss in detail.	

Additional material to turn in.
Please insert pictures of your redesigned prototype, questionnaires, forms and other material as jpeg files into their respective places. Also attach those items to the back of this template in their original size so that we can look at them in detail.
