

Drueke Burrs - Bill's and Marian's Puzzles

Wm. F. Drueke & Sons, Grand Rapids, MI, circa 1940's?
(wood pieces in cardboard box, 2+5/8" x 2+5/8" x 2+5/16" high)

Examples of some classic relatively simple burrs that have been made by many over the years (e.g., see the *Japanese Shape Burrs*). Historical accounts indicate that Bill and Marian were Drueke family names.
