

Crazy Cube 3x3x3

Crazy Cube Mars, purchased from Mefferts, 2010.

(plastic, 2.2 square, white opposite yellow, blue opposite green, orange opposite red;

Crazy Cube 2x3x3 is a smaller puzzle with this theme)

There are two types of faces:

Spin Around: The circle in the center stays fixed and the remainder of the face rotates.

Spin Together: The entire face moves, as in a standard *Rubik's Cube*.

The *Mars* member of a series of eight (Mercury, Venus, Earth, Mars, Jupiter, Saturn, Uranus, and Neptune) that differ in the configuration of the faces; it has the following face configuration:

white = around, yellow = together

blue = together, green = around

orange = together, red = around

Here is a sequence of three clockwise moves of the left, right, and top faces:
