

# Dinomorphix

*Designed by Traiphum Prungtaengkit, purchased from Mefferts 2013.  
(plastic, 3.3" along an edge, box is 2.5" square)*

A tetrahedron in the theme of a *Dino Cube* where the tips can twist, but also with the added ability to turn faces; here are three successive moves of twisting the top tip counterclockwise, turning the front face, and twisting the top tip clockwise:
