

Rubik 3x3x3 Fisher Cube

a.k.a. Square King

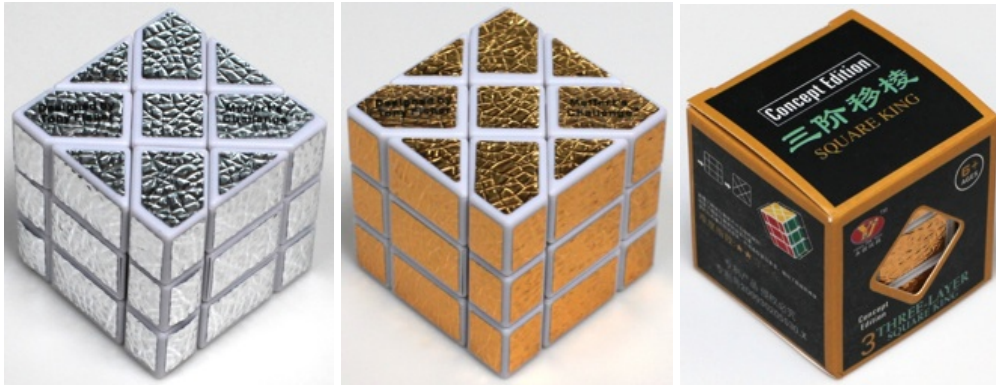

Designed by T. Fisher, purchased from Mefferts 2009.

(plastic, 2.2 inches;

silver opposite gold, green opposite blue, red opposite orange;

also made with a black body)

Works just like a standard *Rubik's 3x3x3 Cube*, but can be confusing when the shape becomes very jumbled. Meffert's also made this puzzle in all silver and all gold, and versions from China were sold as the "Square King":
